August 2022

Bradwell Group were awarded to partner with Faculty Shopfitting and Work Club Global Australia with Evolve Consulting to design and install an Electrical System including power, lighting (240v + DALI Control), security SALTO System and telecommunication cabling to a central IT room.

The Bradwell Team was involved with the demolition and make good of the existing tenancy working with the builder retrofitting of the existing & new cabling to suit the Work Club spaces to create a human ecosystem that unites diverse professionals and businesses around shared ideals.

Work Club sets the standard in pro-working the new era in co-working for those looking for a more sophisticated experience. A unique philosophy built around freedom of movement, curiosity of mind and courage of spirit.
